

Narragansett Indian Tribe  
Tribal Transportation Improvement Program

**PUBLIC NOTICE**

**Overview**

The Narragansett Indian Tribe Department of Community Planning/Natural Resources is responsible for land use management, natural resources, environmental protection, conservation and the development of transportation plans and conducts road construction and maintenance activities.

**What is the Tribal Transportation Improvement Program (TTIP)**

The TTIP is a multi-year list of proposed projects development by the Narragansett Tribe from a Tribal priority list and is a component of the Tribe's Long-Range Transportation Plan, consisting of federally funded roadways, transit, trails, safety, road inventory, other transportation enhancement and major transportation projects being considered within and providing access to Narragansett Indian Reservation over the next five (5) years.

**Learn More**

For a complete list of projects, please contact Dinalyn Spears, Director of Community Planning/Natural Resources, P.O. Box 268, Charlestown, RI 02813 or e-mail at [dspears@nitribe.org](mailto:dspears@nitribe.org).

**Share Your Thoughts**

Please submit comments via mail to the above address or via email at [dspears@nitribe.org](mailto:dspears@nitribe.org).
