

NARRAGANSETT INDIAN TRIBE WORKFORCE DEVELOPMENT

**We are looking for skilled Laborers/Masonry/Carpenters
Heavy Machine Operators**

The Narragansett Indian Tribe is in the process of developing a construction company. The business model will be driven based on trade skills of tribe members. With a focus on Laborers, masonry skills, carpenters, electricians, plumbers and heavy equipment operators. Once we analyze the collective skills, we will be able to finalize the model. Currently there is a shortage of skilled trade people and it's our objective to pursue projects we can provide the Human Resources for.

Trades School Opportunity

Commerce/Electrician/Carpenters

We are currently in discussions with trade schools aligned with the trade unions to provide scholarships for tribal members. When completed your certificate would allow entrance into trade positions earning high hourly wages, benefits with a long-term future.
