

Dear Tribal Member:

We are pleased to inform you the Tribal Citizens disbursement program under the American Rescue Plan Act of 2021 is ready to begin processing. It is extremely important that you, as the Tribal Citizen understand the procedure the Narragansett Indian Tribe must adhere to in order to administer this assistance.

Funding for this program derives from the American Rescue Plan Act, and the Narragansett Indian Tribe is responsible to follow this law based on the guidelines within it to help the financial recovery efforts for members due to the COVID-19 Pandemic. Your signature on this application self-certifies that all the information needed to apply is true and correct.

Please note as it pertains to documentation for minors, if a court has been involved in the placement of a minor, then the court document must be submitted stating that the adult who is applying for the minor is the custodial parent or guardian. We understand that child placement can be fluid, but we will use court documents to determine which household receives the assistance.
