Engineer Design Plan

The Narragansett Indian Tribe's Department of Community Planning & Natural Resources (CPNR) oversees all transportation road maintenance and construction projects as well as activities ensuring protection to the surrounding environment from storm events, and human activities. The Narragansett Indian Tribe is requesting bid proposals from well-qualified firms to conduct stormwater runoff control on a gravel road located at Tribal Spring Access Road, located at the Indian Church and powwow grounds. The Tribe has received funding from the USDA Natural Resources Conservation Service to install stormwater runoff control measures.

This Request for Proposals represents the requirements for an open and competitive process. Proposals will be accepted until 2 pm EST March 8, 2024. Any proposals received after this date and time will be returned to the sender.
